

RUBY LIFE POOLS

HEALER QUICK SHEET

Midnight Season 2 • Patch 12.1 PTR • Version 0.5 Pre-Season • Read in dungeon order

PRIORITY TRASH CALLS

Primal Juggernaut — Crushing Smash: Watch the tank; keep moving for Excavating Blast.

Flashfrost Earthshaper — Tectonic Slam: Help stop it; prepare group healing if it completes.

Blazebound Destroyer — Inferno: Prepare group healing for the hit and follow-up damage.

High Channeler Ryvati — Tempest Stormshield: Expect a longer shield window; conserve mana during low pressure.

BOSS QUICK CARDS

1 MELIDRUSSA CHILLWORN

Your Job: Prepare for Chillstorm, Hailburst and Frost Overload.

Heal: Top players before Chillstorm.

Wipe Mechanic: Players entering Chillstorm low, then colliding with Hailbombs.

Quick Reminder: Top first. Never heal from beside an ice bomb.

3 KYRAKKA AND ERKHART STORMVEIN

Your Job: Top Inferno Spit targets before expiration.

Heal: Prioritise marked players and anyone trapped by fire.

Wipe Mechanic: Low players at expiration or standing in the strengthened breath.

Quick Reminder: Top marks. Spread fire safely. Move early.

2 KOKIA BLAZEHOOF

Your Job: Prepare group healing for Inferno.

Heal: Stabilise the group after Inferno while the tank bleed continues.

Wipe Mechanic: Falling behind on group and tank damage together.

Quick Reminder: Inferno is the check; Searing Blows is still happening.

PRE-SEASON CHECK: Confirm the live route, enemy forces, Dungeon Journal wording and launch hotfixes.

RUBY LIFE POOLS — HEALER PLAYBOOK

Midnight S2 • Patch 12.1 PTR • v0.5 Pre-Season

DUNGEON OVERVIEW

Healer: Healing checks: Inferno, Molten Blood, Lightning Storm, Frost Overload and Inferno Spit.

Healer: Tank checks overlap group damage on Kokia.

Healer: Rolling Thunder should be stagger-dispelled when retained on live.

Healer: PTR dispels and final-trash damage events require live verification.

OPENING TRASH — BEFORE MELIDRUSSA

Primal Juggernaut — Crushing Smash: Watch the tank; keep moving for Excavating Blast.

Flashfrost Earthshaper — Tectonic Slam: Help stop it; prepare group healing if it completes.

Flashfrost Chillweaver — Ice Shield: Call the interrupt; avoid wasting damage into a growing shield.

Defier Draghar — Steel Barrage: Focus the tank through the channel; heal a failed Blazing Rush immediately.

MELIDRUSSA CHILLWORN

Your Job: Prepare for Chillstorm, Hailburst and Frost Overload. Keep the group stable before the two shield phases.

Heal: Top players before Chillstorm. Recover the group quickly after Frost Overload.

Avoid: Place Hailbomb with the group, then clear it. Keep an escape route during Chillstorm.

Cooldown: Use a healing cooldown for Frost Overload or a dangerous Chillstorm overlap.

Wipe Mechanic: Players entering Chillstorm low, then colliding with Hailbombs.

Quick Reminder: Top first. Never heal from beside an ice bomb.

RUBY OVERLOOK TRASH — BETWEEN BOSSES 1 & 2

Blazebound Destroyer — Inferno: Prepare group healing for the hit and follow-up damage.

Blazebound Destroyer — Living Bomb: Track the target; use the explosion safely and leave Burnout.

Thunderhead — Rolling Thunder: Dispel one target early; heal the second before expiration.

Flamegullet — Molten Blood: Prepare sustained group healing below 50%.

HEALER PLAYBOOK — CONTINUED

Ruby Life Pools • Full guide continued • Midnight S2 • Patch 12.1 PTR • v0.5 Pre-Season

KOKIA BLAZEHOOF

Your Job: Prepare group healing for Inferno. Track the tank during Searing Blows.

Heal: Stabilise the group after Inferno while the tank bleed continues.

Avoid: Spawn circle, Molten Boulder, Burnout and Scorched Earth.

Cooldown: Use a healing cooldown if Inferno catches the group low.

Wipe Mechanic: Falling behind on group and tank damage together.

Quick Reminder: Inferno is the check; Searing Blows is still happening.

FINAL APPROACH — BETWEEN BOSSES 2 & 3

High Channeler Ryvati — Tempest Stormshield: Expect a longer shield window; conserve mana during low pressure.

Flame Channeler — Shock Blast: Call missed kicks and heal the lingering damage immediately.

Tempest Channeler — Lightning Storm: Prepare group healing and encourage personals.

Live verification: The PTR package was simplified; confirm the final live cast list, dispels and priority order.

KYRAKKA AND ERKHART STORMVEIN

Your Job: Top Inferno Spit targets before expiration. Keep players healthy before winds and breath force movement.

Heal: Prioritise marked players and anyone trapped by fire.

Avoid: Drop Inferno Spit away from safe paths. Move early for Roaring Firebreath.

Cooldown: Cover overlapping expirations or restricted space.

Wipe Mechanic: Low players at expiration or standing in the strengthened breath.

Quick Reminder: Top marks. Spread fire safely. Move early.

VERIFICATION

Sources: Blizzard/PTR notes, Wowhead, Method, Icy Veins and BlizzPro were cross-checked.

Live verification: Final timer, enemy forces, route, retained trash abilities, Frigid Shard and post-PTR tuning.
