

TEMPLE OF SETHRALISS

HEALER QUICK SHEET

Midnight Season 2 • Patch 12.1 PTR • Pre-Release Draft • Standard 1.6

PRIORITY TRASH CALLS

OPENING: Prepare for Sandswept Hunter — Arrow Barrage and Stonefist tank pressure.

DISPEL: Confirm the final Season 2 Poison list after launch.

COOLDOWN: Plan Gale Force → soak, Serpentstorm, beam windows and Corruption Burst.

ROUTE: Keep the Eye carrier stable; final gauntlet cast names require live verification.

1 ADDERIS AND ASPIX

HEALER: Top before Gale Force; heal the soak.

NEXT: Stabilise Serrated Charge and summon waves.

COOLDOWN: Use one for the push-to-soak overlap.

WIPE: A silence zone stops recovery healing.

3 GALVAZZT

HEALER: Track all three beam soakers.

NEXT: Protect the Eye carrier through projectiles.

COOLDOWN: Rotate across Spire waves.

WIPE: A beam soaker dies or leaves early.

2 MEREKTHA

HEALER: Top before Serpentstorm; move in Burrow.

NEXT: Agitated Nimbus — Release Charge: heal if stacks remain.

COOLDOWN: Cover Serpentstorm.

WIPE: Prolonged Burrow overwhelms the group.

4 AVATAR OF SETHRALISS

HEALER: Heal the Avatar only after Defilers die.

AVOID: Tormentor fixates and Hex Muck.

COOLDOWN: Commit throughput when Taint is gone.

WIPE: Shadowlash stacks suppress healing.

Healer accent • Red = Wipe Check • Uncertain PTR details are marked for live verification

TEMPLE OF SETHRALISS — HEALER PLAYBOOK

Midnight Season 2 • Patch 12.1 PTR • Pre-Release Draft • Standard 1.6

Dungeon Overview

Heal first: Arrow Barrage targets; Overload tank damage; Galvazzt beam soakers.

Dispel / utility: Confirm Poison removals live; purge Agitated Nimbus — Accumulate Charge.

Group damage: Gale Force → soak; Serpentstorm; Lightning Spires; Corruption Burst.

Pull warnings: Do not enter a large caster pull without interrupts and a healing cooldown.

Practical tip: Anchor cooldowns to mechanics, not falling health bars.

Opening Trash — Before Boss One

Sandswept Hunter — Arrow Barrage: Prepare targeted healing.

Sandfury Stonefist — Ground Pound: Watch the tank and failed dodges.

Healer consideration: Confirm live Poison dispels before committing removal.

Adderis and Aspix

Your Job: Top the group before Gale Force.

- **Heal:** Cover the soak and its follow-up explosion.
- **Avoid:** Tempest Winds; it silences for 8 seconds.

Cooldown: Use one for the push-to-soak overlap.

Wipe Mechanic: A silenced healer or low soak target dies.

Quick Reminder: Top → move together → heal soak → spread.

Relevant Trash — Between Boss One and Boss Two

Barbed Krolusk — Serrated Charge: Stabilise the target's damage-over-time effect.

Dutiful Tamer — Swarming Krolusks: Prepare for summon-wave damage.

Healer consideration: Keep movement-sensitive targets stable before dispelling.

Merektha

Your Job: Top the group before Serpentstorm.

Heal: Stabilise Knot targets and Burrow add damage.

Avoid: Thunder Spit trails, swirlies and the Burrow path.

Cooldown: Use group healing for Serpentstorm.

Wipe Mechanic: Failed dodges plus prolonged Burrow overwhelm the group.

Quick Reminder: Top → defensive → dodge → stabilise adds.

HEALER PLAYBOOK — CONTINUED

Temple of Sethraliss • Full guide continued • Patch 12.1 PTR

Relevant Trash — Between Boss Two and Boss Three

Agitated Nimbus — Release Charge: Prepare group healing if charges remain.

Agitated Nimbus — Accumulate Charge: Purge through assigned utility.

Galvazzt

Your Job: Track all three Lightning Spire soakers.

Heal: Keep each soaker stable for the full channel.

Avoid: Induction and unassigned beams.

Cooldown: Rotate across fast Spire waves.

Wipe Mechanic: A soaker dies or leaves early.

Quick Reminder: Three beams, three healthy soakers.

Eyes Gauntlet, Final Trash and Avatar of Sethraliss

Eyes gauntlet — live cast names required: Keep the Eye carrier stable; verify final NPC casts after release.

Your Job: Heal the Avatar only after Defilers die.

Avoid: Tormentor fixates, Hex Muck and Agony.

Heal: Use cleansed Lifeforce and Siphon the Weak to accelerate progress.

Cooldown: Commit throughput only when Defiling Taint is gone.

Wipe Mechanic: Shadowlash stacks or Defilers suppress healing.

Quick Reminder: Defilers dead → avoid Tormentors → heal Avatar.
