

TEMPLE OF SETHRALISS TANK QUICK SHEET

Midnight Season 2 • Patch 12.1 PTR • Pre-Release Draft • Standard 1.6

PRIORITY TRASH CALLS

OPENING: Control Shrouded Fang — Cheap Shot; face Sandfury Stonefist — Ground Pound away.

POSITION: Keep charge lines and frontals clear of the party.

DEFENSIVE: Plan for Overload, Serpentstorm, Galvazzt vulnerability and Tainted Strike.

ROUTE: Protect the Eye carrier; final gauntlet cast names require live verification.

1 ADDERIS AND ASPIX

TANK: Hold a clean push-to-soak route.

NEXT: Dutiful Tamer — Swarming Krolusks: control summons.

DEFENSIVE: Mitigate Overload.

WIPE: Silence zones block the soak.

3 GALVAZZT

TANK: Edge the boss; preserve three beam lanes.

NEXT: Protect the Eye carrier; control knockbacks.

DEFENSIVE: Do not beam-soak without a cooldown.

WIPE: An uncovered beam charges the boss.

2 MEREKTHA

TANK: Stack Burrow adds away from her path.

NEXT: Agitated Nimbus — Accumulate Charge: assign kicks.

DEFENSIVE: Cover Serpentstorm and add pressure.

WIPE: Slow add kills extend Burrow.

4 AVATAR OF SETHRALISS

TANK: Control Guardians and Tainted Strike.

PRIORITY: Essence Defiler — Defiling Taint.

DEFENSIVE: Use a major for stacked Guardian damage.

WIPE: Uncleansed Lifeforce bursts repeatedly.

Tank accent • Red = Wipe Check • Uncertain PTR details are marked for live verification

TEMPLE OF SETHRALISS — TANK PLAYBOOK

Midnight Season 2 • Patch 12.1 PTR • Pre-Release Draft • Standard 1.6

Dungeon Overview

Interrupt first: Charged Dust Devil — Healing Surge; Agitated Nimbus — Accumulate Charge.

Kill first: Dangerous casters; Merektha's Burrow adds; Essence Defilers.

Dangerous tank damage: Adderis/Aspix — Overload; Corrupted Guardian — Tainted Strike.

Pull warnings: Do not combine summon waves or charged Nimbuses without cooldowns.

Practical tip: Set the fight location first; use short, predictable movement.

Opening Trash — Before Boss One

Shrouded Fang — Cheap Shot: Control the reworked ambush window.

Sandfury Stonefist — Ground Pound: Face away and move out.

Tank consideration: Anchor the pack away from patrols and charge lines.

Adderis and Aspix

Your Job: Keep a clean Gale Force route to the soak.

- **Avoid:** Tempest Winds silence zones.
- **Defensive:** Mitigate Overload; save mobility for the push.

Wipe Mechanic: Bad circle placement blocks Thunder and Lightning.

Quick Reminder: Edge circles → same push → soak → move out.

Relevant Trash — Between Boss One and Boss Two

Dutiful Tamer — Swarming Krolusks: Group summons for cleave.

Barbed Krolusk — Serrated Charge: Keep charge lines away from allies.

Tank consideration: Do not combine multiple summon waves without mitigation.

Merektha

Your Job: Hold Merektha stable; gather Burrow adds tightly.

Avoid: Thunder Spit, Serpentstorm and the marked Burrow path.

Defensive: Cover Serpentstorm and add pressure.

Wipe Mechanic: Slow add kills extend Burrow.

Quick Reminder: Stable boss → tight adds → fast Burrow.

TANK PLAYBOOK — CONTINUED

Temple of Sethraliss • Full guide continued • Patch 12.1 PTR

Relevant Trash — Between Boss Two and Boss Three

Agitated Nimbus — Accumulate Charge: Assign kicks; mitigate if a cast lands.

Imbued Stormcaller — Shock: Interrupt after Nimbus coverage.

Galvazzt

Your Job: Start near the edge; preserve three beam lanes.

Avoid: Induction and unplanned beam soaking.

Defensive: Mitigate Galvanized vulnerability or Consume Charge.

Wipe Mechanic: An uncovered beam charges Galvazzt.

Quick Reminder: Edge → short move → clear beams.

Eyes Gauntlet, Final Trash and Avatar of Sethraliss

Eyes gauntlet — live cast names required: Protect the carrier and control knockbacks; verify final NPC casts after release.

Your Job: Pick up Guardians; control Tainted Strike stacks.

Avoid: Agony impacts and moving Lifeforce away.

Defensive: Use a major for stacked Guardian damage.

Wipe Mechanic: Defilers block healing; uncleansed Lifeforce bursts.
