THE BLINDING VALE — DPS PLAYBOOK

Midnight Season 2 • Patch 12.1 PTR • Playbook v0.9 • 27 July 2026

Dungeon Overview

Interrupt first: Radiant Spellsover — Frantic Blooming; Lightwarden Ruia — Warden's Wrath.

Kill first: Pollinating Lashers, blocking roots, Potadpole eggs and Ziekket's shield.

Pull warnings: Stop attacking into Spineshield Beetle — Spiny Shield.

Practical tip: Save personals for scheduled party damage; do not spend them after the hit.

Opening Trash — Before Lightblossom Trinity

Radiant Spellsover — Frantic Blooming: Stop the 8 sec channel before dormant Lashers awaken.

Virid Grovekeeper — Uproot: Move out before the roots erupt and knock back.

Sporeblight Belcher — Spouting Floret: Prepare for repeated party damage.

Lightblossom Trinity

Your Job: Cleave the shared health pool and execute the assigned beam intercept.

Interrupt / Priority: Kezkitt — Light Bolt; beam intercept before damage.

Avoid: Fertile Loam, seeds, Dash lanes and Fan of Thorns.

Defensive: Use a personal during Bedrock Surge or while intercepting.

Wipe Mechanic: Missing the beam triggers Light-Gorged and then Overgrowth.

Quick Reminder: Kick Light Bolt, dodge plants, block the beam.

Bridge Trash — Before Ikuzz

Underbrush Stalker — Thornblade: Watch the backstab and 6 sec bleed.

Thorny Saptor — Thornclaw Leap: Sidestep the repeated cone and return lane.

Spineshield Beetle — Spiny Shield: Stop attacking into the reflect; break the absorb.

Ikuzz the Light Hunter

Your Job: Break roots blocking the route and kite Gaze through a clear lane.

Interrupt / Priority: Bloodthorn Roots that block the fixate path.

Avoid: The 7 yd Footfalls zone and crossing the fixated player's route.

Defensive: Use a personal during Frenzy or when targeted by Gaze.

Wipe Mechanic: Ikuzz reaching the target applies Incise and a 5 sec stun.

Quick Reminder: Open the lane, kite Gaze, avoid Footfalls.

DPS PLAYBOOK — CONTINUED

The Blinding Vale • Midnight Season 2 • Patch 12.1 PTR • Playbook v0.9 • 27 July 2026

Lower Vale Trash — Before Lightwarden Ruia

Luminous Thornmaw — Grievous Gash: Clear the tank bleed by reaching full health.

Overgrown Hydra — Lightmaw Beams: Spread and keep moving out of the 4 yd beams.

Lightgorged Lasher — Lightboom Pollination: Break the shield before nearby enemies gain 50% damage and haste.

Lightwarden Ruia

Your Job: Place Lightfire wide and keep movement clean below 40%.

Interrupt / Priority: Lightwarden Ruia — Warden's Wrath.

Avoid: Pulverizing Strikes cones, Lightfall and Lightfire beams.

Defensive: Use a personal below 40% or while waiting to be topped.

Wipe Mechanic: Lightfire silences; missed Wrath kicks and bleeds overwhelm the healer.

Quick Reminder: Kick Wrath, place beams wide, stay clean below 40%.

Final Approach — Before Ziekket

Potatoad Matriarch — Toxic Spew: Prepare for party damage and a 9 sec toxin.

Potatoad Matriarch — Toadspawn: Kill eggs and newborn Potadpoles quickly.

Sporeblight Belcher — Belch Spores: Move from every impact during the channel.

Ziekket

Your Job: Bring Lashers to 1% Dormant, beam through them and intercept assigned orbs.

Interrupt / Priority: Dormant Lasher setup; break Ziekket's shield if an orb reaches him.

Avoid: Lightsap puddles, unassigned orbs and the beam lane.

Defensive: Use a personal during Xylem or with multiple orb stacks.

Wipe Mechanic: Essence reaching Ziekket triggers Outburst, shield and damage gain.

Quick Reminder: Dormant at 1%, beam Lashers, catch assigned orbs.
