

THE BLINDING VALE HEALER QUICK SHEET

Midnight Season 2 • Patch 12.1 PTR • Playbook v0.9 • 27 July 2026

PRIORITY TRASH CALLS

HEAL: Sporeblight Belcher — Spouting Floret; Potatoad Matriarch — Toxic Spew.

TOP TO FULL: Luminous Thornmaw — Grievous Gash; Lightwarden Ruia — Grievous Thrash.

MOVE: Virid Grovekeeper — Uproot; Overgrown Hydra — Lightmaw Beams.

LIVE CHECK: Bloodthorn Roots dispel type and final tuning.

BOSS QUICK CARDS

1 LIGHTBLOSSOM TRINITY

HEALER: Heal Surge, support the bleed, protect the soak.

AVOID: Fertile Loam, seeds, Fan of Thorns and unassigned beam contact.

COOLDOWN: Use a group cooldown for a poor Bedrock Surge overlap.

WIPE: An unblocked beam applies Light-Gorged; Overgrowth follows after 10 sec.

3 LIGHTWARDEN RUIA

HEALER: Top to full, move for Lightfire, cooldown below 40%.

AVOID: Lightfire beams, Lightfall and tank-facing cones.

COOLDOWN: Save a group cooldown for the sub-40% sequence.

WIPE: Multiple uncleared Grievous Thrash bleeds quickly snowball.

2 IKUZZ THE LIGHT HUNTER

HEALER: Pre-heal, support the kite, avoid Footfalls.

AVOID: Verdant Stomp roots after 4 sec on Mythic; avoid Crushing Footfalls.

COOLDOWN: Plan a group cooldown for Frenzy; external a trapped fixate target.

WIPE: A trapped or caught Gaze target can die during Crunched.

4 ZIEKKET

HEALER: Heal the pulse, watch orb stacks, protect Thornspike.

AVOID: Lightsap puddles, unassigned orbs and the beam lane.

COOLDOWN: Plan group healing for Xylem with orb DoTs active.

WIPE: Uncaught Essence empowers Ziekket; excessive stacks can kill the interceptor.

THE BLINDING VALE — HEALER PLAYBOOK

Midnight Season 2 • Patch 12.1 PTR • Playbook v0.9 • 27 July 2026

Dungeon Overview

Heal first: Spouting Floret, Bedrock Surge, Lightcrazed Frenzy, Grievous Thrash and Oozing Xylem.

Debuff watch: Top Grievous effects to full; Bloodthorn Roots dispel behaviour needs live confirmation.

Pull warnings: Toxic Spew plus Spouting Floret can create a dangerous party-damage overlap.

Practical tip: Pre-position for beam mechanics so movement does not interrupt recovery healing.

Opening Trash — Before Lightblossom Trinity

Radiant Spellower — Frantic Blooming: Stop the 8 sec channel before dormant Lashers awaken.

Virid Grovekeeper — Uproot: Move out before the roots erupt and knock back.

Sporeblight Belcher — Spouting Floret: Prepare for repeated party damage.

Lightblossom Trinity

Your Job: Stabilise shared-health pressure and protect the assigned beam interceptor.

Heal: Bedrock Surge pulses for 8 sec; recover the Thornblade bleed before the next hit.

Avoid: Fertile Loam, seeds, Fan of Thorns and unassigned beam contact.

Cooldown: Use a group cooldown for a poor Bedrock Surge overlap.

Wipe Mechanic: An unblocked beam applies Light-Gorged; Overgrowth follows after 10 sec.

Quick Reminder: Heal Surge, support the bleed, protect the soak.

Bridge Trash — Before Ikuzz

Underbrush Stalker — Thornblade: Watch the backstab and 6 sec bleed.

Thorny Saptor — Thornclaw Leap: Sidestep the repeated cone and return lane.

Spineshield Beetle — Spiny Shield: Stop attacking into the reflect; break the absorb.

Ikuzz the Light Hunter

Your Job: Support the Gaze target and pre-heal Thorncaller Roar and Frenzy.

Heal: Lightcrazed Frenzy pulses; a caught target is stunned for 5 sec.

Avoid: Verdant Stomp roots after 4 sec on Mythic; avoid Crushing Footfalls.

Cooldown: Plan a group cooldown for Frenzy; external a trapped fixate target.

Wipe Mechanic: A trapped or caught Gaze target can die during Crunched.

Quick Reminder: Pre-heal, support the kite, avoid Footfalls.

HEALER PLAYBOOK — CONTINUED

The Blinding Vale • Midnight Season 2 • Patch 12.1 PTR • Playbook v0.9 • 27 July 2026

Lower Vale Trash — Before Lightwarden Ruia

Luminous Thornmaw — Grievous Gash: Clear the tank bleed by reaching full health.

Overgrown Hydra — Lightmaw Beams: Spread and keep moving out of the 4 yd beams.

Lightgorged Lasher — Lightboom Pollination: Break the shield before nearby enemies gain 50% damage and haste.

Lightwarden Ruia

Your Job: Top every player to clear Grievous Thrash; move before Lightfire expires.

Heal: Below 40%, Spirits of the Vale repeats abilities every 8 sec.

Avoid: Lightfire beams, Lightfall and tank-facing cones.

Cooldown: Save a group cooldown for the sub-40% sequence.

Wipe Mechanic: Multiple uncleared Grievous Thrash bleeds quickly snowball.

Quick Reminder: Top to full, move for Lightfire, cooldown below 40%.

Final Approach — Before Ziekket

Potatoad Matriarch — Toxic Spew: Prepare for party damage and a 9 sec toxin.

Potatoad Matriarch — Toadspawn: Kill eggs and newborn Potadpoles quickly.

Sporeblight Belcher — Belch Spores: Move from every impact during the channel.

Ziekket

Your Job: Heal Oozing Xylem and support assigned Essence interceptors.

Heal: Each orb grants 10% output but adds a stacking 12 sec self-DoT.

Avoid: Lightsap puddles, unassigned orbs and the beam lane.

Cooldown: Plan group healing for Xylem with orb DoTs active.

Wipe Mechanic: Uncaught Essence empowers Ziekket; excessive stacks can kill the interceptor.

Quick Reminder: Heal the pulse, watch orb stacks, protect Thornspike.
